BIG BULL MARKET COMING?

Walker Says it is Time to Buy Good Coppers.

Boston, Jan. 39.-There is now ev ry indication that we are running into a big bull market in the coppers Speculative confidence is re-establish rices advance quickly on a moderate olume of buying demand. Metal marset conditions now promise to show steady improvement. The price of copper is advancing and within two r three months it is likely to be ack around 16 or 17 cents again.

During the past several months I mye repeatedly called attention to the fact that copper stocks were selling at a ridiculously low level of prices that the future prospects of the cop per trade were never more promising and that in this time of government heckling, regulation of freight rates and prosecutions under the anti-trust aw nothing else offers so good an oppertunity for investment and speculation. A number of copper stocks have had sharp advances the past few lays, and I expect others to follow one

Whether the market will continue to dvance steadily, or whether there will se a reaction soon, is almost anybody's cuess. I believe in buying some coppe the event of a reaction.
